

University of Georgia, College of Engineering
Nanotechnology and Biomedicine REU

College of Engineering REU Research Symposium

July 27, 2017 • 8:00 A.M. – 12:00 P.M.
Paul D. Coverdell Center Auditorium

The UGA College of Engineering invites you to attend the presentations of undergraduates from around the country as they share the interdisciplinary research they have conducted in various nanotechnology and biomedicine laboratories this summer.

Please RSVP to allow us to fully accommodate you:
